CL382

SECTION 3: PARTICULAR CONDITIONS

INSURED VALUE

Unless otherwise provided for in the Specific Stipulations the insured value will be determined on the basis of the invoice value with the inclusion of all expenses till loaded onboard. This value also includes the value of the packing, freight advances, as well as freight earned and prepaid or freight still due. Notwithstanding a claim, the Underwriters will be obliged to indemnify loss and average both on the earned freight advances as on the objects and goods.

In the declared insured value the Assured may include without further clarification an expected profit and this will remain legally binding between parties. Any difference between the invoice value and the insured value will be considered by the Underwriters as a replacement value and/or expected profit. However, in case of casualty or arrival of the objects and goods before the insured value has been determined, the latter will be fixed as follows:

objects and goods sold

on the basis of the sales contract and/or sales invoice available on the day of casualty. This amount may be increased with the usual expected profit margin applicable to similar goods and voyages, unless a different margin has been provided for in the sales terms or has been requested by the buyer and conveyed to the seller prior to the casualty. This margin shall not exceed 25%.

objects and goods unsold

on the basis of the purchase invoice and/or sales contract and/or any other document indicating the actual value of the objects and goods. This value is to be increased by all expenses, including the costs of transport and manipulation, freight payable in advance, freight earned, non-refundable VAT, insurance premium and all other expenses. The amount so obtained will be increased by the usual profit margin which shall not exceed 25%.

It is agreed and understood that the monthly storage declaration will be issued on same basis.

Duties, excise, taxes, levies and freight payable at destination will be taken into account as long as they are actually due and as long as they have been included in the insurance declaration under this policy.

As the case may be, duties, excise, taxes, levies and freight payable at destination will be reimbursed in the same way as a claim on the goods.

RANKING OF CONDITIONS

Ranking of conditions to avoid conflict of conditions according to the principle that the Specific conditions have priority above the Particular conditions which in turn have priority above the General conditions. In case of conflict between conditions of same rank, the Assured will be entitled to choose the set of conditions which is the most favourable.

EQUIVALENCE CLAUSE

Notwithstanding the inclusion in policies, certificates and declarations of equivalent clauses from foreign insurance markets, in case of claim the Assured will also be entitled to claim indemnity in accordance with the ICC insurance conditions supplemented by the Particular Conditions and Specific Stipulations of this open cover.

In respect of all Clauses referred to in this policy, the applicable version will be the one which was effective on the date of inception of risk.

DECLARATIONS

Declarations will be made by the assured as soon as possible after having received the documents enabling them to make such declarations or in any other manner provided for under their open cover, the insurance however not to be prejudiced by oversight, delay, error or involuntary omission by the Assured.

However exceeding of sums insured have to be declared and agreed before risk inception.

CLEAN-UP, REMOVAL AND DISPOSAL OF DEBRIS EXPENSES

The expenses of cleaning-up, removal and disposal of debris are automatically covered without an additional premium up to an amount of EUR 500.000 in first loss, any one accident/series of accidents and/or 25% of the settlement in total loss, whichever is higher.

Should the Assured wish to increase this limit, he should place an explicit request with ORBIS who, prior to the inception of the risk, should agree upon an additional premium with the Underwriters.

All other stipulations of the below article remain in full force.

Subject to an express agreement and against adjustment of the premium to be agreed upon, the insurers will take for their account – without however exceeding a limit to be agreed – the costs of cleaning, removal and destruction of debris if same have been incurred following the implementation of a measure taken or ordered by a competent authority, or reasonably incurred by the Assured, considering the circumstances, and only in so as far as such costs are the consequence of a covered peril.

FUMIGATION CLAUSE

Should a fumigation of a conveyance or warehouse be ordered by a properly constituted authority, which subsequently results in direct loss to or damage to the insured interests, the

ORBIS RISK PARTNERS NV

Registered FSMA No. 115532 A

Belgium

Underwriter will reimburse the Assured for the entire damage caused by the fumigation.
Other damage or loss arising out of the fumigation of the goods will also be covered under this policy.

INFESTATION VERMIN DAMAGE

Damage or loss caused by vermin/infestation to the insured's interests is covered under this policy.

WAR, STRIKES, RIOTS, CIVIL COMMOTION AND TERRORISM RISKS

In addition to Art. 6 ICC A, it is understood that every claim be attributed to the occurrence of an ordinary risk, irrespective of the applicable insurance conditions. Proof to the contrary, i.e. the occurrence of a war risk has to be delivered by the Underwriters, who reserve themselves the right of recourse against the underwriters covering the risks of War, Strikes, Riots, Civil Commotions and Terrorism.

WAIVER OF RECOURSE

The Underwriters agree not to exercise any recourse against the Policy Holder/Assured in his capacity of Charterer, unless with the Assured's consent.

The Underwriters will waive any claim against any physical or legal person (according to public or private law) whom the Assured has favoured, either contractually or legally with a waiver of recourse.

In case of a contractual waiver, the Assured agrees to advise ORBIS without delay and to pay a possible additional premium to be agreed. No additional premium to be charged in case of a charter party contractual waiver for shortages under a sealing clause.

Nonetheless, it is understood and agreed that the Underwriters' right of recourse will be maintained at all times against any liable party in connection with fraud, gross negligence and or wilful misconduct.

SEAWORTHINESS

The seaworthiness of a conveyance/vessel is hereby admitted between Policy Holder/Assured and Underwriter.

SAFEGUARDS

The Policy Holder/Assured makes a bona fide commitment to employ all possible safeguards to protect or to proceed to salvage the subject matter insured as a bonus pater familias.

The Assured also agrees to ensure that all necessary measures are taken in time in order to safeguard his rights and means of recourse against the carriers and all other liable third parties.

The Underwriters will waive the right to invoke the non-admittance of a claim if the Assured has failed within the required time-frame to take all necessary measures as stipulated in Art. 266 (232) and 267 (273) of the Belgian Commercial Code, as well as in Art. 7 and 8 of the Belgian Law dated 25 August 1891 regarding transport regulations.

In no case will the Assured have the obligation, after submission of a claim, to start proceedings against the liable third parties, nor will he have to arrange for the interruption of the time-frame. Should it be requested of him, the Assured will however render full assistance to the Underwriters.

When the Assured's mandatories such as agents, forwarders, warehouse keepers and the like prove that he has not had the possibility of taking the required measures in order to safeguard the recovery, the Underwriters will also waive the possibility of invoking the lapse of rights they could invoke against the Assured, as well as of claiming any compensation they could legally claim from him on account of the absence, irregularity or delay in terms of the reservations to be made.

RECOURSE

The Assured has a right of priority on the proceeds of the recovery equal to the deductible applied. In case of a joint recovery, the Underwriters and the Assured will pay the cost of such action, each in proportion to their share in the initial claim amount. Potential interests will be apportioned pro rata of each share in the recovery obtained.

Should, in terms of a recovery action by the Underwriters, the ultimate liability for loss and/or damage to goods and objects covered under this policy be partially or fully attributed to the Assured or Co-assured, the cargo Underwriters will then waive the recovery claim for the part of the loss and/or damage accountable to the Assured. This part is, however, not to exceed their underwriting share(s) in this policy. Furthermore, all costs incurred by the Assured generated by the Underwriters' recovery action, will be fully compensated by the Underwriters.

CLAIM DECLARATION

Claims are to be submitted to ORBIS and/or the leading insurer. From the moment loss is proven to be recoverable under the policy, it will be paid by the insurer. Any stipulations to the contrary notwithstanding, claims are payable to the bearer of the original policy or original certificate.

ASSESSMENT OF CLAIMS

The assessment of loss or damage will be done by survey, unless losses or damage are estimated not to exceed EUR 2.500 or equivalent in any other currency.

CLAIMS SETTLEMENT

The reimbursements due to the assured resulting from losses and damages covered under this policy will be paid for the full 100% to the assured without taking into account any collecting commission. Intervention costs to be calculated as per ABAM/BVT regulation.

CANCELLATION CLAUSE

The open cover will incept for a period of one year, it tacitly renews every year unless prior cancellation is given to ORBIS 60 days before the anniversary date.

The cancellation period is reduced to seven days for the risks of war, strikes and riots, and to 48 hours for the risks of strikes and riots for journeys to and from the United States of America.

It is hereby explicitly agreed that in case of a cancellation notice being served in accordance with the (afore-mentioned) provisions, the mutual obligations between the contractual parties will remain in force until the effective contract termination, which means only when the goods specified in the last regular insurance declaration have arrived at the final destination.

EXPENSES

All expenses approved by the Underwriters' surveyor and incurred in order to assess and/or prevent damages as well as the Underwriters' surveyor's fees will be fully chargeable to the Underwriters even if such material damages are not recoverable under the policy.

This also applies to the expenses of warehouse rental or of reforwarding incurred in order to protect the objects and goods against risks covered by this policy, and/or in case of failure of the carrier regardless of the circumstances and/or his financial situation.

The reforwarding expenses will however not be reimbursed should the Assured default on the freight payment due.

Salvage and Assistance Expenses

The Underwriters will cover all salvage and assistance expenses up to the maximum limit provided for under the policy.

Should salvage and/or assistance expenses be incurred without actual salvage resulting therefrom or should such expenses exceed the salvaged values, the Underwriters will reimburse such expenses irrespective of the reimbursement to be made in terms of the goods proper by means of either abandonment or particular average settlement, and this all without prejudice to the provisions of the final paragraph of Art. 17 of the Insurance Law dated 11.6.1874.

Such expenses will be reimbursed in the same currency they have been incurred in and will not be deducted from the insured value, even if the maximum limit of the policy has been exceeded.

In case of a F.I.O. (free in and/or out) shipment whereby the Assured is liable for the discharge of the objects and goods, the Underwriters will reimburse the Assured for all discharge-related costs and expenses, except demurrage, detention costs and the like, for which, according to the Charter Party or the freight certificate/document and/or the sales or purchase

contract, the Assured is liable. Such reimbursement will only be made under the proviso that these additional costs and expenses in question are reasonable and can be attributed to a "sea peril" stipulated in the ICC or covered as per agreed conditions.

Should the carrier exercise the liberty provided for in the contract of affreightment to ship the objects and goods to a destination other than indicated in the insurance instructions, cover note or policy, the Underwriters will reimburse all justified additional costs and expenses in respect of discharge, storage, reloading, reforwarding or any other justified additional expenses incurred in order to deliver the objects and goods to their final destination.

The expenses so incurred shall be reimbursed by the Underwriters in excess of the insured value up to a maximum of 25 % of the insured value of the objects and goods.

These expenses will be reimbursed in the same currency in which they have been charged.

LEADING UNDERWRITERS CLAUSE

The Principle

The co-underwriting companies and/or Lloyd's underwriters and/or underwriting agents hereby agree to recognize and comply with the decisions of the leading Underwriter. The term "Leading Underwriter" also comprises agents or representatives.

As a consequence, the co-insuring underwriters are irrevocably bound by every decision made by the leading Underwriter as if it had been made by themselves and which they will not challenge.

The scope of this Leading Underwriters Clause is unlimited, but for the exceptions mentioned hereunder

Should there be no agreement with the leading Underwriter, the Assured or the broker will have the possibility of consulting the co-underwriters and the decision of the majority, calculated proportionally to their share in the risk, will be binding on the minority, including the leading Underwriter.

Exceptions

Each Underwriter will be free to make decisions in terms of the following aspects which are the only exceptions in terms of the application of the "Leading Underwriter Clause":

- the inclusion of the risks of: rejection, war, strikes, riots and civil commotion, terrorism, confiscation and expropriation by any competent authority;
- the increase of the policy limit;
- ex gratia payments;
- the change of the leading Underwriter;
- the inclusion of the risks of delay, inherent vice, consequential losses and loss of market;
- change of conditions of cancellation.

and

5.1.2 terminates, subject to 5.2 and 5.3 below, either as the subject-matter insured and as to any part as that part is discharged from an oversea vessel at the final port or place of discharge, or

on expiry of 15 days counting from midnight of the day of arrival of the vessel at the final port or place of discharge,

whichever shall first occur;

nevertheless,

subject to prompt notice to the Insurers and to an additional premium, such insurance

5.1.3 reattaches when, without having discharged the subject-matter insured at the final port or place of discharge, the vessel sails therefrom,

and

or

on expiry of 15 days counting from midnight of the day of re-arrival of the vessel at the final port or place of discharge or arrival of the vessel at a substituted port or place of discharge, whichever shall first occur.

If the subject-matter insured is subsequently reshipped to the original or any other destination, then *provided notice is given to the Insurers before the commencement of such further transit and subject to an additional premium*, this insurance reattaches
